

Create a School of Monkeys Puppet.

1. Fold the top corners of the envelope so that they meet at the top and form a triangle.

2. To make the Monkey forehead, fold the gold card in half. Place a small plate over one side, so that the top of the plate reaches the fold. Cut out and glue onto the triangle part of the envelope.

3. Fold the remaining half in half again, and place the plate so that the top is on the outer edge and the widest part is on the fold. Use the corners for ears!! Cut out and glue one half under the forehead.

Use an old envelope and black paper to make eyes!

Glue yellow tissue to the top of the monkey's mouth.

Do not forget I need a tail to help me swing in the trees and play musical instruments!
